Subject: 5YR Site Inspection

Larry/Brenda,

We are scheduled for the General Mills Site Inspection for 9:00 AM on Thursday. I would like to follow up on a few details:

1. Larry, were you able to contact the property manager? Will he be able to participate in the Site Inspection? Are we clear for property access?
2. Plan on meeting 9:00 AM at in the General Mills Parking lot on the corner of 21st and Hennepin Avenue;
3. The list of attendees that I have for participating in the Site Inspection include:
 - a. Larry Deeney, General Mills;
 - b. Jim Amos or Mark Matasovsky Property Manager;

- c. Sara Ramsden, Barr Engineering;
 - d. Shawn Lyman, BayWest;
 - e. Brenda Winkler, BayWest;
 - f. Tim Grape, BayWest;
 - g. Leah Evison, EPA
 - h. Ricardo McCurley SECIA;
 - i. Fred Campbell, MPCA;
 - j. Dave Scheer, MPCA;
4. Brenda will provide handouts for the 5YR team; Barr does not have any groundwater data more recent than the November 2013 report. A Geo-probe study was recently completed to delineate the extent of the groundwater plume but the analytical data is not expected to be completed before the Thursday site inspection.

Please let me know if there are changes in attendees from what I have listed. If not I will forward to the rest of the group.
